- Outfield obstructions on diamond 8 any batted ball that crosses the fence on the full will be a time call and the batter awarded a home run. Any bouncing/rolling batted ball that hits the fence will be a time call and the umpires will confer and together decide the outcome of the play.

All other outfield obstructions will be played out as long as deemed safe by the plate umpire. If the umpire believes that a player may be entering a dangerous situation to field a batted ball, (for example running towards a light tower) the umpire will call time and together with the field umpire will determine the outcome of the play.

PLEASE do not cross behind diamonds in the outfield or sit under the trees at the back of the diamonds. You will be in the field of play and the umpire may need to hold play while you move, which ultimately disadvantages the children playing as their game time is cut short.
